Description:

Mt. Aetna Adventist School in partnership with The Reifsnyder Family Scholarship, has the opportunity to offer unique tuition assistance to our students. This grant is needs based and academically won by children in grades 2-5. Students who are interested must currently attend Mt. Aetna and be nominated by their classroom teacher. This grant serves 4-6 children per year and is exclusively available at Mt. Aetna Adventist School.

This scholarship is made possible by a generous donation of \$150,000 by Harold and Josie Reifsnyder. They both had a long history of supporting Adventist education. This scholarship is designed to be distributed over the span of 20 years with the final distribution taking place in the year 2035. We thank the Reifsnyder Family for their amazing gift and appreciate the difference it makes for the children who earn this recognition by their efforts and attitude.
